
CLARK GREEN CITY 2014 - 2015 CALL FOR PARTICIPATION

Background of the Clark Green City Project

The Clark Green City (the “CGC”) project is to establish Clark Freeport Zone as a green, creative, international and connected “City within a City”.

The CGC will be recognised as

- an environmental leader and with new green industries driving economic growth;
- being part of global cultural and creative networks, as a significant participant in fusing Art, Business and Technology to create a new competitive advantage and an economy of meanings;
- the international gateway connecting with regional and global markets.

Intent and Strategy of CGC project

The intent is to build a Green environment, Creative cluster and Technology & Soft Infrastructure development in the CGC that will:

- harness the convergence and interdependence of these development to create a distinct city that’s generate the new economy of meanings
- promote the social value of these developments through the participation of cultural activities that reinforce the individual well-being, national resilience and community bonding.

Champions of the CGC Project

The CGC project is championed by a grouping (“CGC Group”) comprising of :

- Bases Conversion and Development Authority (“BCDA”) of the Philippines government;
- APL Tree Group Pte Ltd (“ATGPL”)
- The RICE Company Limited (“TRCL”)
- GAC Ventures LLP (“GAC”), a subsidiary of VisionEdge Technologies, an IAIR awards 2014 winner as “Best Company for Sustainability - Cleantech South East Asia”

The CGC Group seeks out potential and interested companies to be part of the pilot development of the Green environment cluster in the Mimosa Creative & Technology Village (MCTV) within the CGC.

Call for Participation

The CGC Group invites you to discuss and express your company’s intent to participate in the pilot development of the Green environment cluster within the MCTV.

We welcome your submission of your company’s intent for participation to Jimmy Soon, Director, Place Management of The RICE Company Limited and/or Veni PK, Deputy General Manager of GAC Ventures LLP.
