

WE'RE PUTTING ON A SHOW

REGISTER NOW // www.austechcomp.com

It's time to meet Australia's leading, game-changing technology companies at the 2014 ATC Showcase and Gala Awards Dinner.

**AUSTRALIAN
TECHNOLOGIES**
COMPETITION

The Australian Technologies Competition finds, mentors and promotes Australia's best emerging technology companies. **Join us to celebrate the success of Australia's top 36 Semi Finalists:** see and meet these amazing companies, meet the country's leading commercialisation experts and learn from international speakers on what Asian markets are seeking.

ATC 2014

OFFICIAL INVITATION

THE 2014 SEMI FINALISTS //

COMPANY NAME	STATE	TECHNOLOGY	COMPANY NAME	STATE	TECHNOLOGY
ACID SOLUTIONS	QLD	Contaminated water treatment	MARINOVA	TAS	High quality fertiliser from brown seaweeds
AERATRON	NSW	Energy saving, silent fan	MICROBIOGEN	NSW	Novel strains of yeast for biofuels
AROMATRIX AUSTRALIA	QLD	Biological odour removal	MINNOVARE	WA	Efficient alignment of drill rigs
BALEEN FILTERS	SA	Efficient mechanical water filter	NANO-NOUVELLE	QLD	Increasing energy density of lithium ion batteries
BIOGILL	NSW	Efficient wastewater treatment bioreactors	POLYMERIC POWDERS	VIC	Recycling tyres into raw materials
CALIX	NSW	Energy efficient mineral refining	QUIKCOOL COOLING TECHNOLOGIES	SA	Thermal storage system for commercial refrigeration
CARNEGIE WAVE ENERGY (ASX:CWE)	WA	Wave power for electricity and desalinated water	RAYGEN RESOURCES	VIC	Concentrated Solar Photovoltaic (CSPV)
CINTEP	QLD	Recycling Shower system	REGEN POWER	WA	Hybrid diesel, solar and battery system
ECOULT	NSW	UltraBattery energy storage solutions	RHEOLOGY SOLUTIONS	VIC	Real-time process control for food and mining sectors
EDEN ENERGY (ASX:EDE)	WA	Carbon Nanotubes for use in concrete and polymers	ROBERTSON TECHNOLOGY	WA	Measurement of motor driven devices such as pumps
ENERGY FARMERS AUSTRALIA	WA	Waste to energy solution for poultry manure	SAFELASH	NSW	Lashing harnesses for containers on ships
GLOBAL FUTURE SOLUTIONS	QLD	Non-toxic poultry house sanitiser	TAGGLE SYSTEMS	NSW	High volume data collection telemetry
GREEN DISTILLATION TECHNOLOGIES	VIC	Waste tyres to oil	TANKPRO	NSW	Small, portable, stand-alone water sterilising unit
GREENSYNC	VIC	Industrial demand management	THE FOOTPRINT COMPANY	NSW	Life Cycle Assessment for building design
HYDRASYST	QLD	Water recycling for commercial laundries	VIRTUAL CURTAIN	WA	Purifying mine wastewater
HYSSIL	VIC	Lightweight geopolymers for construction	WDU SUSTAINABILITY	QLD	Automated, aerobic composting for organic waste
INNOVECO AUSTRALIA	VIC	Ion exchange technology for low grade copper ores	ZEN TECHNOLOGIES	SA	Energy Storage System for Utilities
MAGELLAN POWER	WA	Solar storage solution for regional areas	ZENOGEN	NSW	Electro-catalyst for hydrogen production

WHO WILL BE THE 2014 WINNER?

THE AWARD CATEGORIES //

The 200+ entrants each provide solutions focussed on driving industry efficiency and competitiveness, for the Energy, Food, Manufacturing, Mining, Property and Water sectors.

THE SHOWCASE WILL FEATURE:

- Presentations from many of the Semi Finalists
- International speakers highlighting the opportunities throughout Asia
- Live 'Dragons Den' style judging of the Finalists
- Investor Connect speed dating for companies.

THE SHOWCASE CONCLUDES WITH A GALA DINNER WHICH WILL FEATURE:

- James O'Loghlin as MC
- Announcement of the six Industry Award Winners
- Announcement of the Alumni and People's Choice Award Winners
- A great evening of networking with industry leaders at a fantastic venue.

MC: JAMES O'LOGLIN
