

INTERNATIONAL UNIVERSITIES INNOVATION ALLIANCE
IUIA - SINGAPORE INCUBATION PLATFORM
INVESTMENT & COLLABORATION FORUM
INVITATION

国际大学创新联盟 - 新加坡孵化平台 - 投资合作研讨会

Dear Sir/ Mdm,

We cordially invite you to join us for the **IUIA – SINGAPORE INCUBATION PLATFORM INVESTMENT & COLLABORATION FORUM** on the **17th March 2016**.

IUIA (www.TheIUIA.ORG) was established in early 2015 in Beijing supported by:

- China Investment Promotion Agency of Ministry of Commerce
- Torch High Technology Industry Development Center of MOST
- Science and Technology Development Center of Ministry of Education
- Beijing Financial Assets Exchange.

IUIA promotes overseas incubation with top universities, incubators, research institutions globally and helps to accelerate the commercialization of research and innovative technologies of these companies via its own incubators, venture accelerators and National High-Tech Parks in China. The ultimate objective is to grow these companies for global market access.

As part of our 2015 overseas initiative, IUIA established a Technology Accelerator in London in collaboration with Level39. The Accelerator, known as SILK 39, occupies 5000 sq ft of Canary Wharf's iconic One Canada Square building and is fully funded by IUIA. It acts as a gateway for European tech companies to access the Asian market and vice-versa. It was launched during the State Visit of Chinese Chairman Xi Jinping to the United Kingdom and listed as one of the 10 deals agreed at the Business Summit on British government Website : (<https://www.gov.uk/government/news/billions-of-pounds-in-uk-china-business-deals-agreed-at-business-summit>).

IUIA Investment & Collaboration Forum serves as an essential technology commercialisation platform gathering representatives from Chinese and foreign universities, organizations, business associations, development zones and investment companies. The event is sponsored by IUIA, with joint efforts from Sino-Singapore Investment & Innovation Platform Pte Ltd, with the aim to assist Singapore & Regional Companies in expanding their technology startups to China and United Kingdom / Europe.

The event will be held between **15:00-17:45** at the **Central Chambers Law Corporations**, 150 Cecil Street #03-00 Singapore 069543. Please do get in contact for any further information or requests.

Your esteemed presence to the forum will be our greatest honor!
